

CSCI 3325 DISTRIBUTED SYSTEMS

Sean Barker
Bowdoin College

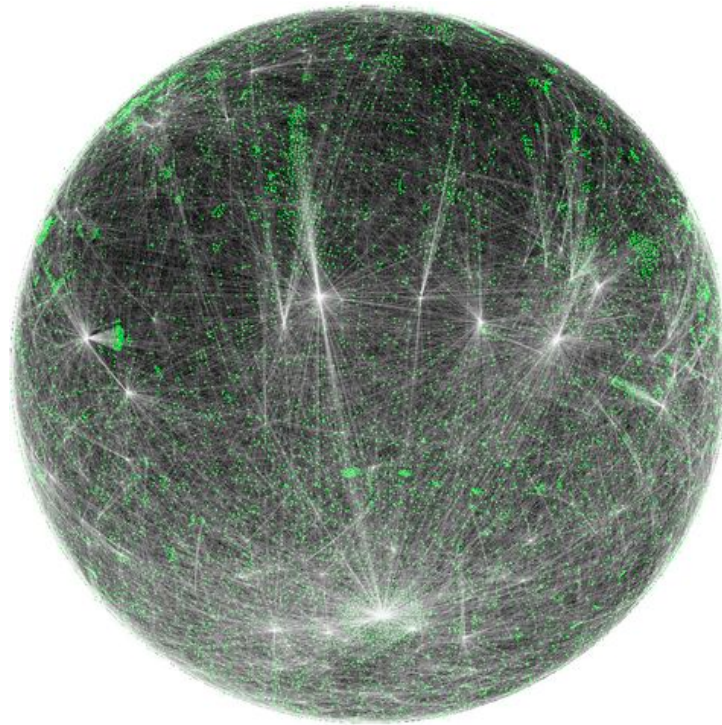

Department of Computer Science

The Internet: 1969

1969: 4 hosts
1977: 111 hosts
1987: 10k hosts
1992: 1M hosts
2002: 200M+ hosts
2011: 850M+ hosts

The Internet: Today

Personnel and Resources

Instructor: Sean Barker

Email: sbarker@bowdoin.edu

Office: Searles 220

Office Hours **Tue/Wed 12:30-1:30, Fri 11:45-12:45**

(or by appointment)

Email **Slack** for discussions/questions/info...

Course Components

Paper Quizzes (~8)

Projects (3)

Midterm Exams (2)

Final Project

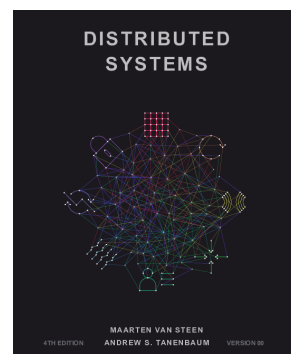

Attendance and engagement

Expectations

Other Administrvia

In-class low-tech policy

Textbook

Collaboration policy and honor code

Guidelines for AI

Course Website

Course website: bowdoin.edu/~sbarker/3325

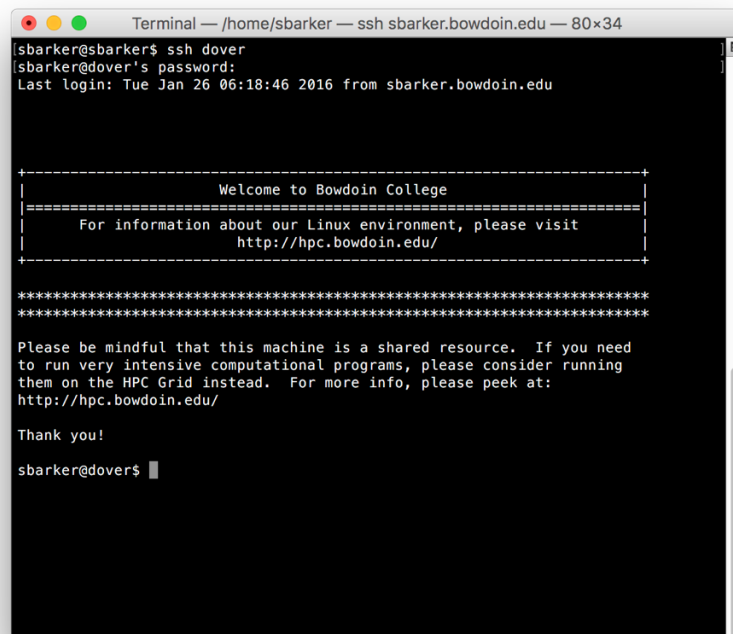

Syllabus & Policies

Class Schedule

Assignments

Anonymous Feedback

Project 0: Systems Check

```
Terminal — /home/sbarker — ssh sbarker.bowdoin.edu — 80x34
sbarker@sbarker$ ssh dover

*****

Please be mindful that this machine is a shared resource. If you need
to run very intensive computational programs, please consider running
them on the HPC Grid instead. For more info, please peek at:
http://hpc.bowdoin.edu/

Thank you!
